

# Master's Research Scholarship 2025-2026

The Master's Research Scholarship (MRS) opens February 1, 2025 with applications accepted through March 31, 2025.

- The [Master's Research Scholarship](#) directs institutional funding to support recruitment, retention, and timely degree completion for excellent master's students engaged in scholarship advancing the university's goals for research and creative activities.
- The MRS provides students with a one-year \$10,000 scholarship that is disbursed in two installments, split between the start of the fall and spring semesters. **Note** that the full amount of the award is dependent on other financial aid that the student may have. Distribution of funds is contingent on active enrollment in the program during both semesters.
- The MRS does **not** come with waivers for tuition and/or fees and the scholarship does **not** provide health or other benefits.
- The proposed mentor-student research must be completed during the award period. If a student decides to not engage in the proposed research, the MRS funds will be reclaimed.

## Important Reminder

- **Award nominees and current awardees:** A nomination or award is subject to being deemed ineligible if (a) it is determined by CSRR that the student is in violation of the Student Code of Conduct and/or (b) if the program notifies CGS that the student has violated their program's Graduate Professional Standards.

This nomination form is to be used by **graduate program advisors only**. Nominations submitted by anyone other than the current advisor/director will not be considered.
