

University Graduate Fellowship 2025-2026 Faculty Co-Sponsor Nomination

The Graduate Dean is pleased to call for nominations for the University Graduate Fellowship (UGF) 2025-2026.

Effective this 2025-2026 cycle, the nominations for the UGF will be initiated by the faculty mentor/PI via this form. The College of Graduate Studies (CGS) encourages program advisors/directors to work closely with faculty to know which of their students they are nominating for the UGF.

The [UGF](#) directs institutional funding to support recruitment, retention, and timely degree completion for excellent graduate students. The UGF is a two-year funding program for graduate students whose faculty mentor(s) have successfully attained external funding to support their students and is awarded through a merit-based, competitive process.

Across both years, the student is appointed as an SDSU Research Fellow (0.4 FTE) with a minimum stipend of \$30,000 (*Research Fellows may not be additionally employed in a Unit 11 position (TA, GA, or ISA)*). The appointment is contingent on the student having continued enrollment at SDSU during both years and therefore ends when they graduate, take a leave of absence, enroll solely at the joint partner campus, or withdraw from their program. The student is also expected to maintain [good academic standing](#) during their fellowship.

For one of the two years, CGS provides the financial support for the stipend and provides the UGF Scholarship (for 2024-2025 the UGF Scholarship was \$3,500 and will likely increase for 2025-2026) that can be used towards tuition, fees, health insurance, etc. Note that during the CGS-supported year, the UGF does **not** come with waivers for tuition and/or fees.

In the matching year, the faculty mentor's grant (***external funding through the SDSU Research Foundation only***) is billed for the financial support that they have committed to. Note that during the matching year, it is up to the faculty mentor whether or not they want to provide support for the UGF Scholarship, tuition, and/or fees. In order for applications to be competitive upon review, faculty mentors are encouraged to commit to the cost of the UGF Scholarship, along with stipend support during the match year.

Please review additional information and details for the matching commitment on the [UGF webpage](#).

IMPORTANT REMINDERS:

1. This fellowship **does not** include tuition (in-state nor out-of-state) nor other mandatory fee waivers.
2. Faculty co-sponsors will be responsible for approving absences reported or "No Leave Taken" entries in PeopleSoft, should their student be awarded the UGF.
3. Awardees will be hired at SDSU for 2 consecutive years through a Research Fellow appointment (0.4 FTE) in your home college. Funds from your SDSURF account will be

transferred for the match year, and funds from CGS will be transferred for the second year.

4. [The Center for Student Rights and Responsibilities](#) and the student's home college will be consulted to ensure that award nominees are in compliance with the [Student Code of Conduct](#) and/or their program's Graduate Professional Standards. ***Award nominees and current awardees:*** A nomination or award is subject to being deemed ineligible if (a) it is determined by CSRR that the student is in violation of the Student Code of Conduct and/or (b) if the program notifies CGS that the student has violated their program's Graduate Professional Standards.
