³ Leave of Absence requests must be submitted through WebPortal.

Leave of Absence

Every Fall and Spring semester, students must register for classes or petition for Leave of Absence. Leave of Absence requests must be made in your WebPortal account. Requests for two semesters on Leave of Absence are not possible; a new request must be filed at the beginning of every semester. A maximum of four Leave of Absences can be granted during a student's degree.

Students who are not taking classes or on Leave of Absence lose matriculation. This means that they do not remain active in their program, and will not be able to register on main campus in future semesters. Note that matriculation is NOT necessary in order to apply for graduation, take the comprehensive exam, file the exam completion form with Graduate Studies, or register for classes through SDSU Global Campus. However, students who lose matriculation are blocked from registering for main campus courses. Plan A Master's students: you must be registered in 799A or 799B at the time the thesis is submitted to Montezuma Publishing.

Time to Graduate

All graduation requirements must be completed within 6 consecutive calendar years (not academic years) after initial registration for a graduate program with < 36 units, and within 7 consecutive calendar years for a program with ≥ 36 units. This includes time spent on Leave of Absence (but not time spent in compulsory service). Plan A students must submit their thesis to Montezuma Publishing by the end of the 6th calendar year (for programs with < 36 units) or the end of the 7th calendar year (for programs with ≥ 36 units).
